

Hosea Doton Village Detail Maps.

Among the many talents of Hosea Doton, map-making was one of them. In 1856 he published a highly accurate map of Windsor County. These maps were found in the attic of Abbot Library among papers written by Hosea Doton. They are believed to be sketches for his Windsor County map.

The towns listed below were mapped to scale on graph paper, showing names of the current residents. Each square represents a rod (16.5 feet). The paper used appears to be a starched linen paper.

Barnard
Bethel
Bridgewater
East Bethel
Gaysville
Hartland
Rochester
Royalton
South Woodstock
West Hartford
